Seeking a Loan from a Financial Institution (PP3)

**You are seeking a loan from a Financial Institution, such as a bank.** Would you think of this problem as a modeling problem and answer the following questions?

(1) Document **three** of the Use Cases in Your Problem:

(a) Identify two of the use cases
(b) Identify Actors and their roles
(c) Identify corresponding classes
(d) Describe the Use Case

Repeat the process for at least two of the use cases.

Use the following **Use Case Template** to document your Use Cases

All the fields must be filled for each use case.

1. Use Case Id.
2. Use Case Title
3. Actors & Corresponding Roles
4. Classes
5. Corresponding Attributes
6. Corresponding Interfaces (services or operations)
7. Use Case Description
8. Alternatives

(2) Create CRC cards for at least five of the existing classes.
(CRC stands for Class Responsibility and Collaborations)

**Please submit your answer electronically as MS word documents on or before the due date**
